To whom it may concern:

We employed Lara Custom Builders to work with us on the design and construction of our home in St David, Arizona. We are both pleased and excited with living in the beautiful house that Eric Lara and his team completed. This successful outcome was a result of the following:

- Attention to detail and quality of delivered product.
- Always responsive to our comments and taking steps to satisfy all our concerns and suggestions.
- Establishing and maintaining a very good working relationship throughout the 7 months of the project, which was completed on schedule.
- High quality workmanship delivered by his crew and subcontractors.

Lara Custom Builders has earned our confidence and we recommend them highly.

Henry and Janet Garcia
